

Ma and Pa:

Please find the attached documentation I filed with the court today. The Sheriff will come to the house to deliver a copy of the court documents, within the next couple of days.

Please can you contact Karen Marshall; and give her a copy of the documents and this letter.

Request Help of Impartial Legal Assistance for Clive and Ann Johnstone

I shall try and make this as short and to the point as possible. Attached is an application I filed in the George Magistrates Court against my father; requesting:

“The applicant has previously suggested that respondent contact their attorney friend Karen Marshall to act as an independent arbitrator or to recommend another attorney to act as an independent arbitrator to negotiate such barter exchange agreement for the emotional and legal amicable benefit of applicant, respondent and Ann Johnstone.

I need your help to find impartial legal assistance for my parents: yourself or if you know someone you trust; who cares about honesty and ethics and finding win-win social conflict solutions for their clients.

I need your help to resolve this amicably with my parents; to help me and them get as many answers as we can; and even if we are denied such answers; that they have a legal record proving that they tried.

Once you have read the application and got an introduction into the issues; if you are willing to help; I have some suggestions; or have any questions on any issue; I have no problem answering such question.
